

SARA HAND

Visionary Leader, Experience Design,
Innovation Guidance and Agile Strategies

Sara Hand is a regular speaker for technology audiences. She has a diverse business development background across public and private sector enterprises, which includes early stage investment experience. Her motto is "Think Big. Keep it Simple. Make it Happen." Using agile strategies, Sara drives action-focused agendas and is widely recognized for consistently achieving her goals with grace and confident skill.

Connects, Resources, Results

An entrepreneur, Sara uses her strengths to find and leverage unique value propositions and create synergistic partnerships. This has enabled her to become a valuable leader and asset to her community and has presented opportunities with the State Department, the United Nations Launch of WED, the 2015 Harvard Future-Ready Economies Summit, International Strategic Doing Leadership Conference, the DWEN 2016 Symposium, MC for annual TiECon Conference, Startup India Rocks 2016, and co-producing Smart Cities Innovation Accelerators with the Innovator's Forum out of Harvard TECH.

- Business and Economic Development Experience
- Work in Early Stage Investment
- Identify unique value and key growth strategies
- Teaches agile strategies, innovation process and design thinking
- Facilitates & guides multi-disciplinary teams using agile, collaborative techniques

As founder of Spark Growth and organizer behind the ThoughtLeader.Exchange Conference, a gathering of thought leaders across sectors, Sara has the opportunity to regularly participate in conversations around "What our communities need as we move into the future."
